

Minutes of Meeting--Friday Oct 14/72

1. It was moved that the date of this meeting be recorded as Friday the 14th rather than Friday 13th in the interest of all concerned, and that the chevron be severely chastised for printing Friday Oct. 13 at least 28 times in their paper.
- 2.. Developers Book--a decision was made to do all of this book, regardless of costs (as no quotes had~~x~~ been obtained)
- 3...Cynthia will distribute the 23 Women Unite books that we purchased to interested groups and individuals, and will only ask for money from same when same appears to have copious amounts of above commodity.
- 4....Time Study--in order to get a better idea of how long typesetting is taking us, Mike proposed a time study. Forms for each worker in the shop have been run off, and people are reminded to fill their form out everyday that they work here.
- 5.....The only discussion under the topic of learning was the camera. It was recommended that on slack shifts (???) if someone wanted to learn the camera, they could ask for same during production meeting. Steve asked for meeting of camera-types, past, present and future. That meeting will be held Friday Oct 20, here at 1:00 pm.
- 6.....A motion that Steve be denounced as a capitalist pig and friend of the ruling class was defeated 3 to 2 with 12 abstentions.
- 7.....Liz will call compugraphic and get Winston up here. In the meantime, if the computer gives fucked copy, that copy should be straightened, even if it is only out 1/4 pica.
- 8.....Tools--John will make list of shop tools needed  
Dan & Ron " " " "truck" " " .
- 9.....Someone should look into sink for the gestetner corner.
- 10.....Each shift meeting will appoint a dish-doer.

11.....A short discussion of the ramifications of Vitamin 'c' followed, with the outcome that Vitamin 'c' tablets will be purchased, out of the food money, next month, as they had not been budgeted for this month.

12.....Then we went into our planned political discussion. The topic was something like "What do we want to do and how do we see Dumont fitting into it, and what does that mean with regards to our commercial work, and possible commercial work, and with regards to hiring, as there are approximately 4,139 people who want to work here, though 4,132 don't know that they want to work here.

There is probably no meaningful way to reproduce that discussion here, for the benefit of those who were not here, save a list of those who participated:

Cindy	Mike
Reevin	Bob
John	Mary
2 Bills	Candy
Liz J	Brenda
Gary (first 1/2)	Steve
Lesley	Roddie

Diane, Dan, Janet, Liz, Ron and Moonshine were also in on parts of it, but not involved in any way.
