1) Jim Campbell requested the use of the white van for some time early in June to drive to Toronto with some things owned by the Toronto Warrior Society. We approved the request on condition that the van was safe for long distance travel.

2) Ken voiced the opinion that the cost of maintaining cable for our sound system is not worth \$54.00 per year as not very many good stations can be picked up. Ken, however, did concede that for late night shifts cable is worth having. After two votes, it was established that we will continue to support the Grand River Cable Company.

3) There will be a ~~xxx~~ plenary session held at Brenda's house on Tues. May 27/75 at 8:00 to discuss the report of the expansion committee.

4) Gary told the group that the Weston chart will be completed within a week. The graphics, pics and the rest of the copy will likely be finished within a week's time as well.

5) The shop may purchase \$100.00 worth of T-shirts in order to silk screen them with appropriate Dumont symbols. Part of the cost of the T-shirts and the silk screening materials will likely be recovered from sales of the shirts. M.C. expects that sales will be voluminous.

6) Either Jane or Hot D. will contact Colin De'Ath on the possibility of ~~xxx~~ a joint effort in publishing his book which has not even ~~hh~~
xx been written. What keeners we are!

7) Ken described the situation with reference to the "Afterword". Women's Press had raised the price of the pamphlet to ~~xxx~~ \$.50 without consulting us. It was pointed out by Ken to Women's Press that because much of the labour ~~was~~ on the pamphlet was volunteer, the publication ought to remain at \$.25. Loud and vigorous applause greeted ~~xxxxxx~~ Ken's revolutionary remarks. Some of the revenues from the sale of the book are to find their ways into our coiffers.

9) People have agreed to subsidize Doug E.'s rent for a couple of months. In addition, all those whose rents have been raised can claim more money on their monthly pay packet if they so desire.
